General Instructions

(Please make all entries legible and on the proper line)

Complete all sections of this form that apply to your operation. All questions must be answered accurately and this form files by September 1, 2021 with the Assessor of the county for which application is made. Failure to file this form will result in your property being appraised at market value.

Qualifying Operations: All agricultural products units, with sales, home consumption, or use, of \$1000 or more, may qualify for farm use valuation on the land utilized for production. The acreage devoted to each crop and the livestock inventories are the supporting data for this application. Units of less than five (5) acres may qualify if sales were at least \$500. Any questions related to this form should be directed to the County Assessor.

Name and Address: If a label was provided, please make any needed corrections on the label. If not label was provided, please fill out the name and address area completely.

Name of Operator: Only commonly used farm names should be entered. i.e., "Jones Hereford Farm" or "Twin Oak," Otherwise, leave blank.

Name of Operator: Full name of the person or persons making the day-to-day decisions on the agricultural operations. A blank form should be used for any new operator with a name, address entered on the lines for corrections. Out-of-business operations (no crops or livestock production) for whom a labeled form was received should be noted accordingly and submitted as a completed form.

Name of Landowner: Enter the name of the landowner (actual owner of property) if different from the operator of the agricultural operation.

West Virginia Assessor's Farm Statistics

1. Agricultural Operation Description: Total acres in farm should equal owned plus acres rented from others minus acres rented to others. This must be answered. Acres of crops in Items 2-12 plus acres in Items 13 should equal the Total Farm acres in Item 1. Acres owned refers only to acres related to the farming operation. Acres rented from others refers only to acres rented by the farming operation for agricultural production. Acres rented to others refers only to land rented to others for agricultural production.

2-12. Crops: These questions refer to the acreage planted or grown for harvest during 2020. For hay, report only actual acres in the field, regardless of the number of times cut. Report the total production for both alfalfa and other hay acres, in tons in 9a, or total number of bales and the average weight per roll of hay harvested for both alfalfa and other hay in 9c. Other crops include vegetable, berries, grapes, nursery products, greenhouses, tree fruit other than apples and peaches, and any other crops not listed. Fruit Tress information is needed only for operations with 100 or more trees.

13. All Other Land: Include farmstead, roads, woodlands, wetlands, waste, government program land, and any land not already counted.

14. Total Grain Storage: Include any type of structure normally used to store whole grain. Exclude nonpermanent storage such as troughs, plastic bags or barrels.

15-24. Livestock and Poultry: These questions refer to the peak inventory number during 2020. Operations such as broiler houses need only report the capacity of the houses on their operation not the annual production. Other livestock refers to any animal production not listed in Items 15-23 such as fish, emus, ostriches and llamas.

25. Value of Production: Enter the total value of crop production from Items 2-13. Include all crops, fruit, vegetables, nursery and greenhouse, Christmas tree, and forest products from the farm acres. Also include gardens with sales greater than \$500. Enter the total value of livestock production from Items 15-24. Include value from cattle, hogs, sheep, goats, horses, chickens, turkeys, bees and other livestock raised on the operation during the twelve month period ending June 30, 2021.

West Virginia Farm Use Valuation Application

Farm Operator: If land is owned in more than one county, complete the crop and livestock data for the entire operation and the Farm Use Valuation Application for the principal production county. To make application for land owned in other counties, use additional forms completing the name, address and Farm Use Valuation Application sections, and Item 25 from the principal county form. The principal production county is entered at the top of the form and the property location county is recorded in the Farm Use Valuation Application section.

Landlords: If all application land is rented to others, the farm operator's name and address and the applicants name and address must be entered. Complete the Agricultural Land Description. See Farm Operator above for second county form.

1. Operations with production less than \$1,000 must indicate why this land qualifies for Farm Use Valuation.

2. All applicants must complete. Mineral income and Non-Farm income is attributable to coal, oil, gas or other minerals, recreational use. Non-farm income does not include salaries or pensions from non-farm employment. Farm income is from farming sources.

3. All corporations must complete Item 3.

4. Property under perpetual conservation easement with a county farmland protection board, the West Virginia Agricultural Land Protection Authority, or a qualified 501-c-3 land trust shall be awarded farm use status without restrictions.
